SOF Olympiads 2026-27: Registrations Now Open!

We are pleased to announce that **registrations for SOF Olympiads for the academic year 2026-27 are now open!**

SOF Olympiads continue to be recognised as the **world's largest Olympiads for school students**, with participation from millions of students across 99,000+ schools in 72 countries in the previous academic year.

These Olympiads offer students a platform to **assess conceptual understanding, build analytical skills, and compete at multiple levels**. Performance reports and awards further motivate students to achieve more.

This is the perfect opportunity for schools to enrol their students and for young learners to step forward and shine on a global stage

SOF FORTNIGHTLY UPDATES

1. SOF Webinar Series Launched

SOF has launched a **Webinar Series for Teachers & Academic Coordinators**. This series is designed to provide regular support and clear guidance throughout the Olympiad cycle, from start to finish.

- Regular support throughout the Olympiad cycle
- Step-by-step help from registration to participation
- Live sessions with SOF experts and updates
- Quick answers to school queries
- Easier and smoother Olympiad participation

2. 5th Webinar Session Successfully Conducted

SOF successfully conducted the 5th session of its Webinar Series for Teachers & Academic Coordinators — “SOF Olympiad Success – Practical Strategies Every Teacher Should Know.”

The session focused on effective Olympiad preparation strategies, improving student performance and addressing key challenges faced by educators. The interactive session also included a special Q&A segment, enabling teachers to resolve their queries and gain valuable insights.

Missed our earlier sessions? Access the complete SOF Webinar Series and explore key learnings and insights for educators here: [Click here](#)

And, if you need step-by-step guidance on SOF Olympiad Form Filling, explore our complete guide playlist here: [Click here](#)

Interested in joining upcoming webinars? Receive webinar updates, share your suggestions, and register for future sessions by filling out this form. [Click here](#)

IN THE SOF SOCIAL MEDIA SPOTLIGHT

SCHOOL COLLABORATION

Schools can **send collaboration requests** by sharing SOF Olympiad-related videos on Instagram. After **verification**, selected collaborations will be accepted and the videos will be **featured** on our official platforms.

[Here is our official social media profile link](#)

STUDENT COLLABORATION

Students can collaborate with us by posting short Instagram videos on topics like **SOF medal wins (National/International)**, **learning journeys**, **preparation tips**, or **Olympiad experiences**. All entries will be verified first, and approved collaborations will be showcased on SOF's official handles.

SOF Achievement: **Gold Medalist**  

Current Role: **Cybersecurity Analyst – Accenture**

“SOF ICSO encouraged me to approach technology with curiosity and think logically when solving problems. The analytical mindset I developed through Olympiad preparation continues to help me understand challenges and find effective solutions in my career.”

SCIENCE IS COOLER THAN YOU THINK!

Some frogs can freeze and come back to life!

Certain frogs, like the wood frog, can survive freezing temperatures by allowing parts of their body to freeze during winter. Their heartbeat and breathing slow down dramatically, while special adaptations protect their cells from damage. When temperatures rise, these frogs thaw and return to their normal activities.

Nature has created amazing survival strategies that help animals survive even the harshest conditions!

TEACHER TECH TIP

Simplify Research with Perplexity AI

Finding the right information for lessons becomes easier with Perplexity AI. It helps teachers explore topics, gather insights, and prepare better learning resources in less time.

Benefits for Teachers:

- **Quick Research** - Get clear answers instantly.
- **Lesson Support** - Find ideas and resources easily.
- **Explore Topics** - Discover new insights for classes.
- **Save Time** - Simplify lesson preparation.

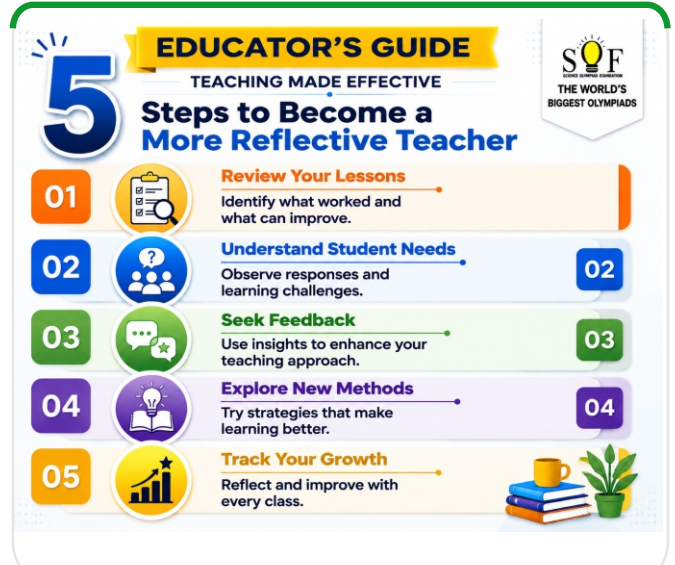

TEXTBOOK MEETS REAL WORLD

Why Does Your Phone Know Your Location?

Your phone uses GPS (Global Positioning System) to find your location. It receives signals from satellites orbiting Earth and calculates your exact position by measuring the time taken for these signals to reach your device.

This everyday technology combines physics, satellites, and precise time measurement to help you navigate, find places, and use location-based services.

The next time your phone guides you somewhere, remember – you are using the science of space and technology!

5 EDUCATOR'S GUIDE

TEACHING MADE EFFECTIVE

5 Steps to Become a More Reflective Teacher

- 01 Review Your Lessons**
Identify what worked and what can improve.
- 02 Understand Student Needs**
Observe responses and learning challenges.
- 03 Seek Feedback**
Use insights to enhance your teaching approach.
- 04 Explore New Methods**
Try strategies that make learning better.
- 05 Track Your Growth**
Reflect and improve with every class.

MYTH V/S FACT

MYTH

Sunflowers Always Follow the Sun All Day

FACT

Young sunflowers track the Sun's movement as they grow, but mature sunflowers usually face east to attract pollinators like bees.

BIG NEWS!
Freedom Fest
Extended Till
16th August

WHAT WOULD HAPPEN IF

What Would Happen If There Was No Night?

If night disappeared, life on Earth would face major challenges. Animals that depend on darkness for rest, hunting, and migration would struggle to survive. Plants would also be affected, as many rely on day-night cycles for growth and energy balance. The natural rhythm that keeps ecosystems healthy would be disturbed.

Night is not just the absence of sunlight; it is nature's quiet time that helps life recharge, adapt, and survive!

VOCABULARY BOOST

What does "Homeostasis" mean?

Meaning: Combining knowledge from two or more different fields of study.

- **Example:** Artificial intelligence is an interdisciplinary field involving computer science, mathematics, and neuroscience

? DO YOU KNOW?

FLAG HOISTING vs **FLAG UNFURLING**

What's the Difference?

FLAG HOISTING

Flag Hoisting takes place on 15 August (Independence Day), when the National Flag is raised from the bottom of the pole. It represents India's freedom from British rule and the rise of a new nation

FLAG UNFURLING

Flag Unfurling takes place on 15 August (Independence Day), when the National Flag is raised from the bottom of the pole. It represents India's freedom from British rule and the rise of a new nation

ASTRONOMY FACT

Saturn Does Not Have a Solid Surface?

Unlike Earth, Saturn does not have a solid surface. It is a giant gas planet made mostly of hydrogen and helium. As you move deeper into Saturn, the gases become extremely dense due to immense pressure, creating conditions unlike anything found on Earth.

Saturn's atmosphere is also home to powerful storms and incredibly fast winds, making it a constantly changing world of gases and energy.
